RISK MANAGER

Risk Manager Packages:

Risk Manager has a two-tier approach, to suit varying client requirements and budgets.

Risk Manager: Compliance

A conveniently pre-configured compliance management system, with optional additional modules available.
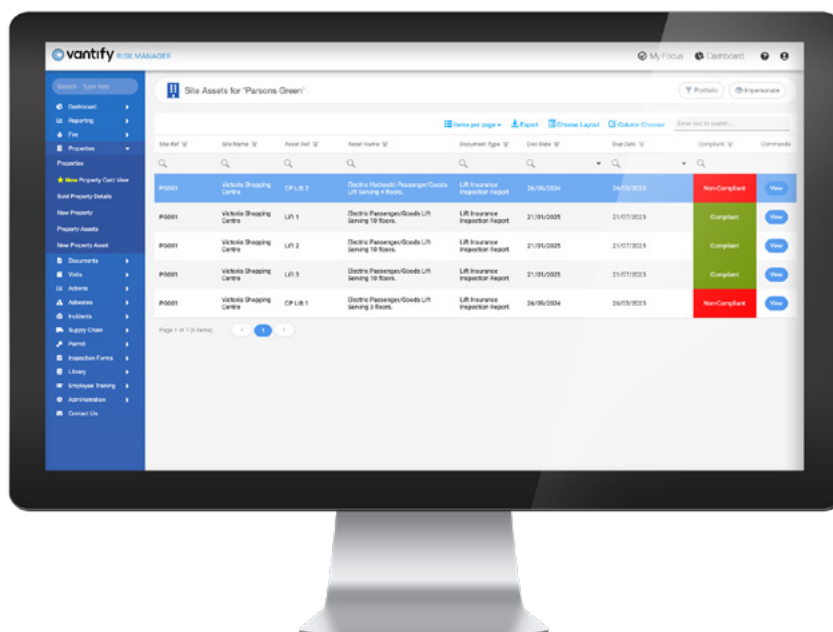

Risk Manager compliance includes:

MANAGEMENT INFORMATION

◎ Compliance dashboard: Real-time and dynamic data grids and charts

◎ Management information reports: Automated operational and executive reports

◎ Fully customisable dashboards

◎ Performance monitoring

DATA MANAGEMENT

◎ Comprehensive document repository

◎ Date-stamped audit trail and archive

◎ Ability to export, analyse and share data with ease

◎ Permission-based access for staff and third parties

DOCUMENT & ACTION COMPLIANCE

◎ Document tracking for periodic assessments, audits and inspections

◎ Action management against prioritised action plans

◎ Tracking of engineering insurance inspections via link*

◎ E-mail notifications and alerts

◎ Restrictions or additional fees may apply for enhanced functionality and additional modules

Risk Manager: Enterprise

A bespoke and tailored management solution to meet specific client requirements. It includes the core functionality of the Risk Manager Compliance system, with comprehensive additional modules, and the ability to integrate with existing operating systems and business processes.

Risk Manager System

ADDITIONAL MODULES AVAILABLE:

◎ Inspection Forms via Mobile App

◎ Incident Reporting

◎ E-Permits and Permissions to Access

◎ Contractor Management

Unlock Smarter Risk Control

Holistic Visibility: Providing real-time visibility of compliance across multiple sites, stakeholders and compliance areas

Specialised System: Designed by safety experts specifically for safety and property management professionals

**Reduced Time & Cost Savings:** Optimising efficiency by automating manual operating and management processes

Enhanced Defensibility: Robust audit history with activity logs enhances defensibility and supports investigations

In-house Software Team: Ensuring innovative development and a continuous roadmap of new features and enhancements

External Links: Provides seamless data integration, providing enhanced convenience and minimising duplication of time and effort

Unlock Smarter Risk Control

Risk Manager App: Offline completion of inspection forms and action closure on your mobile device

Powerful Management Reporting: Automated and configurable reporting and management information

User Helpdesk: In-house support team available

**Ease of Access:** Via desktop or any mobile device

Robust Business Continuity: ISO 27001 accredited, cloud-based, secure and protected

Proven Track Record: An established system with ongoing development and enhancement

Risk Manager has a broad range of private and public sector clients across multiple business sectors, ranging from commercial and residential property management to Education, Healthcare, local authorities and SMEs.

> " *I'm not aware of any other health and safety platforms that offers the same level of flexibility. Not only does it track documentation, but it also allows for the creation of dynamic actions based on that documentation.*

Grace Morgan,
Director of Operations, CompassRock

Better together.
Only with Vantify.

Every Vantify product connects seamlessly - saving time, cutting costs, and keeping your people and property protected.

Combine Vantify Risk Manager with:

Vantify Supply Chain: Keep track of the contractors you engage through Supply Chain to ensure they meet your compliance standards. Keep accurate and real-time records of all work completed by contractors and the impact on your overall compliance.

Vantify CAFM: Enhance your maintenance management by seamlessly integrating compliance data from Risk Manager into CAFM. When an action is raised, it can be directly assigned to a contractor in CAFM, saving time and reducing the need for double handling, among other efficiencies.

Vantify Consultancy: Improve data accuracy and efficiency by integrating consultancy findings directly into the Risk Manager system, ensuring that critical information is readily available. Our consultants will ensure the seamless flow of information between systems, maximising the value of your Risk Manager investment.

Onboarding is easy

1 **Schedule a consultation**
Talk with our experts to identify your unique needs and objectives.
